

CAKE SMASH *Photoshoots*

- A cake smash session is the perfect way to celebrate your little one's big milestone. We do it in a fun and relaxed session with some natural photos to capture his/her
- personality.
- All studio/indoor cake smashes will be done at my home studio in Mossel Bay.
- I don't believe in "throwing away" photos, so I don't give a specific amount of photos in the packages. All sessions depend on your little one, and all the usable/editable photos that we can get will be given, no matter if it's just 10 or 50 or more. The final amount however will be up to me, but I will always strive to give you as many as I can.
- The cake is not included in these sessions, but I can easily find a baker for a quotation. Remember to ask for an icing cake not a Marzipan or Fondant Cake. The Marzipan or Fondant are too hard for the little one to break and smash.
- Outfits are not included but I can give guidance on what to wear or where to find something specific.
- Please supply me with images of the clothes your little one is going to wear.
- All Decor which is already available in my studio can be used for free. If any additional decor is required, purchases can be discussed. This also includes balloons up to the value of R100, if any more are needed extra costs will be billed.
- Backdrops are limited to the backdrops already in studio, if any other specific backdrop needs to be purchased, please view Set Setup Package 01.

SET SETUP PACKAGE

- This is the package to add (R1800 + R1000) to your Photo Package if there is a need to order a specific printed backdrop which is not yet available in Studio. The backdrop will have to be ordered from printers and needs 2 to 3 weeks for it to be printed and delivered. Samples will be provided of what can be done.
- This is not the full price of the backdrop, and the rest of the cost will be covered by Adele van Zyl Photography, therefore the backdrop will remain the property of the studio. If for any reason you would like to purchase the backdrop and claim property of it, I will provide you with the full amount of the backdrop to be paid.
- This fee needs to be paid when booking is made.
