

# Couple Photoshoots

“The best love is the kind that awakens the soul; that makes us reach for more, that plants the fire in our hearts and brings peace to our minds.” □-The Notebook

Being able to show your other half the way you love them and capture that feeling forever is something very intimate and special. □Our lives are sometimes so fast paced that we forget to show each other the small gestures of love. When I do my couple sessions, I like to tell the couple to show each other their love. I can give you the perfect picture, composition, background, lighting and pose wise. But in the end it's up to you to express the feeling. And what an amazing feeling it is when you can have someone to love and to hold.

A romantic couple is shown from behind, standing on a rocky outcrop overlooking the ocean at sunset. The woman is wearing a white dress and the man is wearing a green shirt and shorts. They are kissing. The ocean waves are visible in the background under a warm, golden sky.
